Shapes All Around

Written by Cherry Carl

Round goes the **circle**, round goes the boy.
Round and around on his brand new toy.

1

Round goes the **circle**, round goes the boy.
Round and around on his brand new toy.

1

Jump, jump into each **square**,
Flippity, flop goes Mary's hair!

2

Jump, jump into each **square**,
Flippity, flop goes Mary's hair!

2

Do you see the **triangles** on my boat?
Gee, I hope that it will float!

3

Do you see the **triangles** on my boat?
Gee, I hope that it will float!

3

My Easter eggs are an **oval** shape.
If one gets broken, I'll use some tape!

4

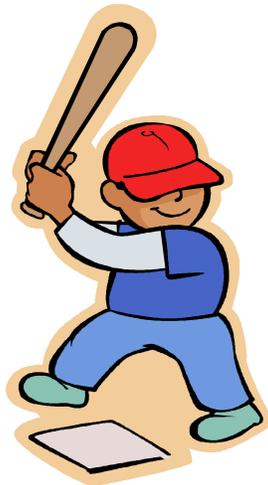

My Easter eggs are an **oval** shape.
If one gets broken, I'll use some tape!

4

There's a **diamond** on a pitcher's mound.
And the batter's plate is on the ground.

5

There's a **diamond** on a pitcher's mound.
And the batter's plate is on the ground.

5

A globe is a shape that's called a **sphere**.
Hey! Look! Who lives right here?

6

A globe is a shape that's called a **sphere**.
Hey! Look! Who lives right here?

6

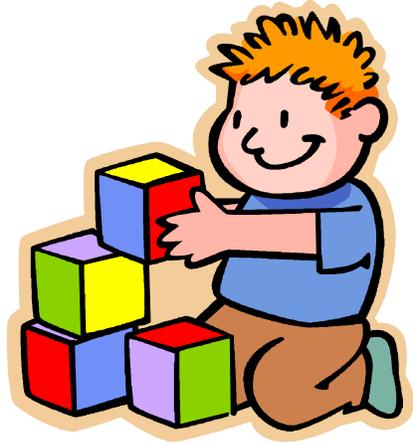

A stop sign has eight sides in all.
It's an **octagon** that's obeyed by all!

7

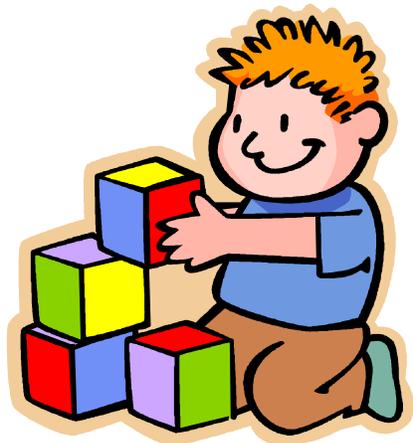

A stop sign has eight sides in all.
It's an **octagon** that's obeyed by all!

7

A **cube** is like your wooden blocks,
And sometimes like a paper box.

8

A **cube** is like your wooden blocks,
And sometimes like a paper box.

8

A **pyramid** is like my tent,
Open the door and there's a vent.

9

A **pyramid** is like my tent,
Open the door and there's a vent.

9

This **cylinder** is a little boy's drum.
Rum, tum, rummety, tum!

10

This **cylinder** is a little boy's drum.
Rum, tum, rummety, tum!

10

Ice cream comes in a crunchy **cone**.
I can eat one all alone!

11

Ice cream comes in a crunchy **cone**.
I can eat one all alone!
