How did you get to school today?  
Did you see friends along the way?  
Did you take the bus and ride without a fuss?  
Did you ride the bus today?

How did you get to school today?  
Did you see friends along the way?  
Did you walk along and maybe sing a song?  
Did you walk to school today?

How did you get to school today?  
Did you see friends along the way?  
Did you come by car 'cause school is just too far?  
Did you come by car today?
