

"The Bone Bounce"

(Tune: "If You're Happy and You Know It")

Lucy Jensen

Put your fingers on your cranium, on your cranium.

Put your fingers on your clavicle, on your clavicle.

Put your right hand on your sternum,

Put your left hand on your sternum,

Find your bones; find your bones; find your bones.

Put your hand on a humerus, on a humerus.

Put your hand on a radius, on a radius.

Put your right hand on an ulna,

Put your left hand on an ulna,

Find your bones; find your bones; find your bones.

Put your hands on your ribs, on your ribs.

Put your hands on your hips, on your hips.

Put your right hand on a femur,

Put your left hand on a femur,

Find your bones; find your bones; find your bones.

Put your hand on a fibula, on a fibula,

Put your hand on a tibia, on a tibia,

Put your phalanges on your phalanges,*

Put your phalanges on your phalanges,

Find your bones; find your bones, find your bones.

*Put your fingers on your toes.

(Note from Lucy: It is easy to work out motions for this song.)
