PARTS OF SPEECH: RAINBOW FISH KID CARDS

Duplicate two sets of the **kid cards** on card stock and laminate for durability. Be sure to play this game with your students in **small groups (2 or 3)** before allowing them to play independently.

The purpose of this game is to **make pairs** following the traditional **Memory or Concentration rules** and to reinforce reading vocabulary words. Children just love to play and count the number of cards they accumulate during a game.

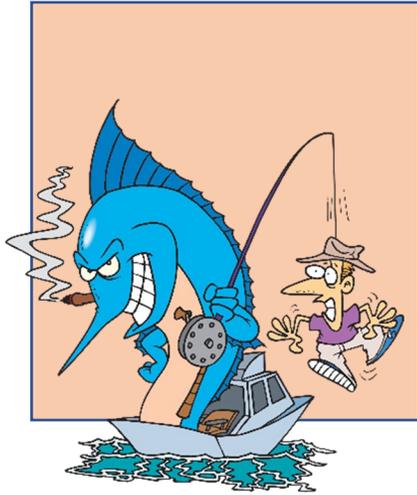

Another way to use the cards: cut the words and pictures apart and place in a center so that children can explore and match them.

Parts of speech category sort: Have children sort the cards into three parts of speech: **nouns and adjectives**.

Directions for assembly:

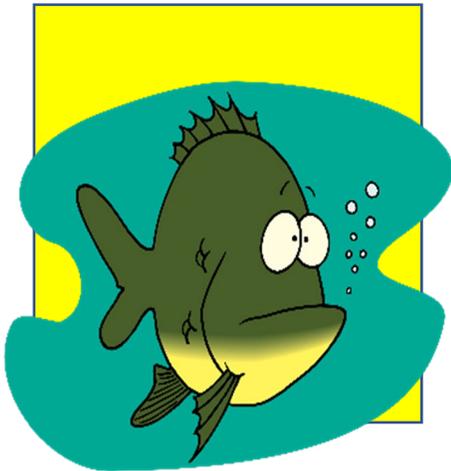

1. Cut out cards along the outside dotted lines. (Save cutting the rounded corners for later.)
2. Score along the center dotted line and fold flash card in half.
3. Apply glue to hold the 2 halves together.
4. You can leave the corners square or cut them to round them off.
5. Laminate the cards.
