

Hottest! Coldest! Highest! Deepest!

Cherry Carl

Hottest, coldest, who knows where?

Could be that it's Delaware*!

Mother Nature sure provides

Ups and down and peaks and tides!

Where to go? I don't know!

Do you want to play in snow?

Walk through rains that really drench,

or see the Mariana's Trench?

Hot, cold, deep or high,

All I want is warm and dry!

*For Mr. Fellenbaum's third graders in Delaware!
