

Sequence with a Smile!

Use the graphic and cards on the following pages for sequencing activities (number order, alphabetical order, story sequence, etc.) Allow students to work collaboratively if needed.

Accountability Piece: Duplicate the recording logs so that children can show the work they accomplish during center time. Assemble by placing several sheets of blank paper behind the covers and staple on the sides where indicated. Students write their names on the covers.

Option: Use the graphic as a template. Fill in some of the boxes. Laminate and allow the children to use wipe off pens or place in sheet protectors. Make a transparency and use in the overhead projector center.
