

# Soft C and G Sort

1. Place each of the picture cards face up in the correct section. All words begin with either a soft c sound (as in city) or a soft g sound (as in giant). Match the word cards to each picture.
2. Check the first letter of each word to see if you placed the pictures in the correct section.
3. Write a short poem or story using as many soft c and soft g words as you can. You can use words from the picture cards or words you think of on your own. Try to use at least 5 soft c and 5 soft g words.
4. Circle the soft c words you wrote with an orange crayon.
5. Circle the soft g words you wrote with a green crayon.
