

## "ee" and "ea" Sort

1. Read each word card softly to yourself. Lay each card on top of the matching picture. If you don't know a word, put it to the side and come back to it later.
2. Put all of the word cards in a pile face down.
3. Make a chart in your learning log like this:

| ee words | ea words |
|----------|----------|
|          |          |

4. Write the name of each picture from the yellow paper in the correct section of your chart. For example, for a picture of a seed, you would write the word 'seed' in the 'ee words' section. DO NOT use the word cards!
5. After you have completed the chart, turn over the word cards and see if you wrote the words in the correct sections. Use a red crayon to correct your work.
