

# AlphaToon Tickets

Preparation: Reproduce on green bond and laminate for durability if you intend to use these for a variety of activities and games.

Suggestions for use:

Reward individual children for mastery of the letter and/or beginning sounds. It's a great way to communicate with parents to let them know which letter their child is working on and has mastered.

Use as classroom cash system for buying things from the treasure box (school supplies, stickers, etc.) or student store.

Practice counting skills.

Use with sorting pictures in a pocket chart. Place an AlphaToon Ticket at the top to designate sorting categories.

Provide the Toon Ticket wallet for children to store their hard earned cash! They love to take them out to see how many they have to spend.
